

WESTLAND **GREENHOUSES**

HWY 21, 3KMS SOUTH OF GRAND BEND
519-238-1321 www.westlandgreenhouses.com

Westland Greenhouses would like to invite you to participate in their annual Christmas fundraising program to assist you with raising funds for your school or organization. As a local business we want to reach out to local groups to help with fundraising opportunities.

Attached to this invitation you will find four documents. First, you will find our main information sheet that describes to your school or organization what we have available in this Christmas Fundraising Program. It also reviews the possible profit from sales and the outstanding quality of our products.

Second you will find another pictured product sheet (without profits listed) to show your potential customers our amazing product. Third you will find the order sheet to be passed out to members or students to collect orders from the community. This sheet is designed to be filled out and has all retail prices listed so that purchases can easily be added together for the bill.

The fourth sheet you will find is the Combined Order Sheet for the school or organization to combine all member order sheets on to one combined order form for your organization. This fourth sheet has the wholesale prices listed for a simple calculation of what is owed to Westland when the order is submitted.

If your school or organization decides to choose Westland for your holiday fundraising program, simply call Westland and confirm that you would like to participate. After this you will print copies of our order sheet and pass them out to your students or members. Please ensure you notify your students and members when you would like to have the order sheets returned by.

Once your students or members have collected the orders, please combine all your school's or organization's orders into one combined order for everyone. To ensure everyone has their gorgeous arrangements in time for the holidays we would like your combined order form to be submitted to Westland Greenhouses with totals two weeks before required delivery date. You may scan your combined order form and submit by email, fax or deliver in person to Westland Greenhouses in Grand Bend.

At Westland Greenhouses, we take pride in the production of beautiful plants and tropical arrangements. And we hope to be able to share the beauty of our plants and arrangements with you and yours over this Christmas holiday.

We look forward to hearing from you. Please do not hesitate to contact the greenhouse if you have any questions.

Thank you,
Anita VanAdrichem
